17. Multidisciplinary / interdisciplinary

Since its inception, the University's vision has been to provide clear sustainable solutions. It has sought to develop deep interdisciplinary knowledge and flexibility. The Jain Vishva Bharati Institute (JVBI) adopted a credit-based system for Interdisciplinary learning in all programmes. A total of 18 programmes, spread over 8 departments, make the University truly multidisciplinary, integrating social sciences and humanities with Science having a wide range of core and open electives. These electives and open electives make the curricula highly flexible and innovative. The Institute level committee has prepared a detailed guideline with respect to revision of curriculum with Multiple Entry Multiple Exit option leading to certificate / diploma/degree in accordance to NEP-2020.

18. Academic bank of credits (ABC):

The Jain Vishva Bharati Institute has taken concrete steps towards the execution of the Academic Bank of Credits (ABC). All the programmes at the JVBI are based on the Choice Based Credit Semester (CBCS) System. The credit details have been uploaded on the ABC portal. Students are able to access the credit details from their respective individual account and are eligible for credit transfer. However, multiple-entry and multiple-exit in all programmes along with the integration of the academic programmes of the Institute with similar programmes of other Universities are in progress.

19. Skill development:

The Institute started skill development courses from its inception, MA and MSc yoga and Science of living, Bachelor of Arts, Bachelor of Education and MSW programs provide the different skills. These programs require mandatory internship in the relevant Sector. Various short term skill courses were also started like: Basic

Training of Beauty Culture Computer Accounting (Tally) English Spoken Computer Designing (Corel Draw & Photoshop)
20.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)
The curriculum of the JVBI is based on the clear vision of the Jain Acharyas to “promote and propagate the high ideals of anekant (non absolutism), ahimsa, tolerance and peaceful co-existence” for the betterment of humanity. Such a vision has driven the mission “to constitute and establish the university to offer advanced studies, research and training in Jainology, world religions, ahimsa and world peace”. Courses aim to developing oriental learning, especially Prakrit and Sanskrit language and literature; Universalizing Indian classical studies of astrology, yoga, sadhana, ayurveda, naturopathy etc. The curriculum accommodates non conventional courses (Jainology, Philosophy and Religion; Nonviolence; Yoga and Meditation); conventional courses at the UG (Science, Commerce and Arts) and PG (English and Political Science) which consists of foundation, core electives and open electives purely based on Indian knowledge system. Every non conventional course of the Institute imbibes Indian value system. It seeks to promote cultural tolerance and harmonious existence in alignment with VasudhaivaKutumbakam as National Policy. The institutealso organizes a large number of value-addedcourses on ethics, culture, and life skills. Classroom lectures are held in Hindi mode.
21.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):
The Institute has implemented an outcome-based curriculum in all programmes. The course curriculum is designed unit wise, accordingly faculty allocation to each unit, and mapping of questions with course outcome (CO) to meet the program objective (PO). Mapping of COs with POs/PSOs and analysis of outcomes, along with the corrective actions have been carried out. Performance in internal assessment, oral/practical exam, and presentation is being used as direct assessment tools. Feedback of students, parents, employers and alumni were taken and according to that curricular revision conducted.

CURRICULAR ASPECTS	
1.1 - Curriculum Design and Development	
1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.	
The Academic quality and zeal for learning and teaching, and the continuous growth of the infrastructure of the Institute caters to the current and upcoming demand of the stake holders. There was a demand from the parents/students to launch science programmes at	

UG level. Accordingly necessary infrastructure (Lab/equipment) etc. was developed in Acharya Kalu Kanya Mahavidyalaya and for the teaching of these subjects' competent faculty have been appointed. Cocurricular activities in the form of discussions, debates, Seminars, Workshops and conferences have been organized in which students take active part, which in turn enriches the learning process. The curriculum has been developed largely on the lines of the UGC regulations and changes/modifications have been incorporated in appreciation of the needs of the local community. The Institute had adopted some villages for increasing awareness and developing people's understanding. Further, under graduate programme of science and integrated courses in education were started by Institute because there was no higher education institute for girls in this area. Similarly, the inclusion of courses on rural development and NGO Management in the curriculum of Social work was keeping in view the regional, national and global development needs.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

With the passage of time and on the basis of shared experiences the curriculum underwent revisions and changes were made. Jainism is an eco-friendly religion, since it encourages its followers to refrain from causing injury to any living being-in thoughts, words and deeds. Its principle of ahimsa is not mere abstinence from physical violence but it calls for abstinence from violence in thought and word. One must show compassion not only to human beings but also to other life forms - water, earth, vegetation and air.

In this regard the institute from its inception running various programme as following

- Profession Ethics & Gender sensitisation - to provide the knowledge and orientation of profession ethics Master of Social Work (MSW) programme was designed with integration of

ethico-spiritual course in this. This course provides deep insight of spiritual and professional ethics.

- Environment and sustainability – each programme were designed in such a manner that knowledge of environment and sustainable development were included through elective courses.

Human Value – The department of Nonviolence and Peace and Yoga and Science of Living are running the PG programmes purely based on human values like nonviolence, tolerance, value education, harmony, universal brotherhood etc.

2.2.1 - The institution assesses the learning levels of the students and organises special Programmes/ have policies in place for different levels of learners

An orientation programme for all the students is organized at the beginning of the academic session. Personality development program of all the students at Institute level is also organized at the beginning of the session. Students are taught time management, personality development and stress management. This is an innovative programme based on ancient heritage of Indian philosophy and consist of theoretical as well as practical sessions. This will help the students in adopting some skills which will help them in learning. The student counselling session is organized in each department after lunch hour for the slow learners. Tutorials are an integral part of all the programmes in the Institute. Remedial classes for slow learners were conducted with the financial support of the UGC. In the social work programme conduct of Individual and Group Conferences cater to the differential needs of learners and help slow learners to catch-up with the curricular challenges faced in theory and practice both.

This will help the students in adopting some skills which will help them in learning. In the subsequent semesters the learning abilities of the students are evaluated through mid examinations, assignments, classroom interactions and mentoring. Based on the performance of the activities, students are categorized as advanced and slow learners and the same is made known to all the stakeholders. Through brain storming sessions, Department has listed a host of strategies for advanced learners and slow learners for appropriate curricular interventions and needful procedures.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

JBVI adopts student centric methods to make the Teaching Learning process more effective for the holistic development of students through Experiential learning, Participative Learning and Problem solving Methodologies. Faculty of the institute imparts subject knowledge as per the syllabus and curriculum and foster self management and usage of knowledge, holistic development and skill development through participatory learning activities. The activities can be summerized as listed below Experiential learning through Education or Study Tours according to the requirements of the curriculum. Balances lecture-based instruction with experiential learning through an effective system of learner involvement in self-learning, especially by utilizing ICT facilities and web resources; Internship Block Placement training in professional courses; Extensive use of modern education technology Requires students to optimally utilize library and digital resources; Provides

tutorial assistance to weak learners. Regular assignments presentation, PPT presentation, 'group discussions, departmental seminars.

Apart from the above the following activities have been adopted by the faculty and they adorn student-centric methods:

Experiential learning: Laboratory sessions Curriculum was designed in such a way that sufficient emphasis is laid on hands-on experiments required for comprehensive understanding of the subjects.

Field visits and Internships Study without practical approach is not considered as worth in this challenging and competitive environment. Putting that aim in mind we always take our students to various field visits in order to make them understand the classroom concepts in a better way.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

Education around the world is experiencing major paradigm shifts in educational practices of teaching and learning under the umbrella of ICT enabled learning environment. Whereas learning through facts, drill and practices, rules and procedures was more adaptive in earlier days, learning through projects and problems, inquiry and design, discovery and invention, creativity and diversity, action and reflection is perhaps more fitting for the present times. The major hallmark of this learning transition is from teacher centered to learner focus paradigm. During the last three decades, the changes in educational environment have been phenomenal. The model, focus, role of the learner and technology has been changed drastically from traditional instruction to virtual learning environment by integrating ICT. JBVI emphasis on ICT infusion in pedagogy to improve learning, motivate and engage learners, promote collaboration, foster enquiry and exploration, and create a new learner centered learning culture. It permits the move from reproductive model of teaching and learning to an independent, autonomous learning model that promotes initiation, creativity and

critical thinking with independent research. Learners are expected to collect, select, analyze, organize, extend, transform and present knowledge using ICT in authentic and active learning paradigm. Teachers are expected to create a new flexible and open learning environment with interactive, experiential and multimedia based delivery system.

2.3.4 - Development of Self-Learning Material (SLM) in Print

The success and effectiveness of Open and Distance Learning system depends largely on the Self Learning Material developed scientifically by the University. The Jain Vishva Bharati Institute has evolved a policy document for the development of SLMs. The preparation of SLM is a challenging task in comparison to tradition text books. The basic principle for scientific development of SLMs i.e. they being Selfexplanatory, Self-contained, Self-directed, Self-learning, Self-motivating and Self-evaluating have been taken care-off. After preparing the materials by subject experts, these are then edited in the format, language and content by the editor. A typical distance education course offered by JVBI consists of a number of booklets of printed material, eSLMs, audio and video material. For the purpose, the DDE initially organized a workshop for writers and editors in collaboration with STRIDE, IGNOU for the preparation of SLM in a scientific manner. Thereafter the DDE has been conducting various workshops as and when required for

writers/faculty for further updation and improvement in the SLMs. Before the stock study material is over the office call the view of subject expert for reviews the SLM changes if any are incorporated in the fresh lot of SLM to be developed & printed.

2.3.6 - Mechanism to provide academic counselling support at DDE A mechanism is in place at DDE to provide academic counselling support to learners enrolled in different programmes including strategies for learner participation and engagement as well as development of required competencies and skills

is not an understatement that effective academic counselling is pivotal to the success of a distance education program. It inculcates a sense of belongingness in the learner and mitigates the feeling of isolation in the learner. Further, It keeps the interest and motivation of the learners and contributes towards their success. On the institution side, these have bearing on the credibility of the university. Therefore, our university considers it a priority area and consciously dedicates human and other resources to achieve a credible and flawless system of academic counselling. The counselling schedules are drawn in time and communicated to the learners before uploading on the

University website. The academic and administrative staff at the headquarters clarify the doubts and queries of learner on matter relating to academics, assignment, postage of SLMs, examination etc. The counsellors and academic staff conduct the contact classes in an effective manner. Audio-video material also use to supplement to counselling process and enrich the learning process. Practical classes are also organized in such courses/ programmes as required by the course content especially in the field of Yoga and Preksha Meditation.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

Institute revises its examination procedures and processes as and when required. Semester System was adopted, which has provided the students more flexibility and opportunity to enhance their academic performances. By adopting CBCS, the Institute provides more course options, flexibility and choices to students. The Examination system includes continuous internal assessment which increases the involvement and regularity of students. Recently a reform in PG courses was initiated by introducing Unit End Examinations which has developed regularity in studies among students and focused reading. It has also reduced the workload of students relieving them of stress. Term paper submissions was introduced which will enhance the research skills of the students and provide them the research culture and flexibility in examination. The right mix of objective type, short answer types and descriptive questions have developed students interest in coverage of the entire syllabus.

2.5.5 - Formative Assessment Standard Operating Procedures employed for continuous (internal) assessment followed by the Institution

The institute has developed a scheme of examination for each of the courses offered in distance mode. The same is prepared and approved by the Board of Studies and Academic Council of each department / subject. The Standard Operating Procedure for Continuous Internal evaluation followed by the DDE is as follows:

1. Students are provided with SLM after admission.

2. They are expected to study the SLM extensively.

3. At the end of the each unit in the SLM questions have been provided for self preparation of answers by the learner.

4. The unit end self-assessment questions comprise of short-answer-question, multiple choice question (MCQs) and Essay-type questions which the learner is expected to solve/answer on their own and at their own pace.

5. In case the learner faces any problem in terms of inability to understand any particular question or the nature of answers to a particular question then the learner can contact the DDE Learner Support Centre and seek assistance of the concerned faculty to address his/her doubts.

6. The learner has to then prepare and submit the assignment by post/by hand to the DDE for assessment and evaluation as per schedule provided in the academic calendar.

7. The evaluation of assignment is then done by faculty in the DDE or the respective department of JVBI.

8. Each assignment is evaluated for 30 marks.

9. The marks received in the award list are then entered in the software/ computer by DDE and submitted to the examination section

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

The Institute curriculum is so designed with a set of foundation, vocational and core courses that it not only develops necessary skills and competencies to achieve a rewarding career but also continues to nurture enlightened citizens with strong character and value-base.

The Programme Educational Objectives (PEOs), Programme Specific Outcomes (POs) and Learning (course) Outcomes (LOs) of all programmes and courses are defined, articulated and mapped in alignment with JVBI's vision, mission and the learning requirements of the students.

The development and implementation of the OBE was done after deliberations in several meetings convened at the Institute with participation of faculty members from all departments and IQAC. The

PEOs, POs and LOs were prepared (designed/developed) in a highly collaborative and participatory manner. External experts were also invited to share their expertise during this process.

CO-PO mapping has been done by the course and programme coordinator. The course-coordinator of the course had written suitable COs for the corresponding course by using the action verbs of learning levels. Then, CO has been mapped with PO by using consistent and rigorous review process. The departments then mapped the course contents with deliverables. The suggestions from the external experts were also obtained in the respective Boards of Studies and were duly incorporated.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

JVBI committed for the preservation and development of oriental studies and to attain its holistic development of student remains in centre. The innovation system of value education i.e. science of living is the core of all teaching practices. Teaching practices in which, Teachers do not use lecture as the only way of teaching/facilitating learning. Presentations, group discussion, case study, experiments, plays, role-plays, simulations, demonstration, laboratory, seminar, workshop, excursions problem solving, project, inquiry, games, competitions, quiz, debate and cooperative learning are generously used. Through the application of these strategies, students develop analytical approach towards learning, which also reflects the shift from passive to active modes of learning, and increasingly assessment results are being used to improve quality of teaching-learning process and promoting the ongoing process of curricular reforms. The Institute has a systematic process of collecting and evaluating data on programme and course learning outcomes and uses it to overcome the barriers to learning. The assessment takes place at following levels: a) The Course-level Assessment includes: Continuous Assessment having weightage from 30% - 50% depending upon course objectives, learning outcomes and pedagogy. Various components for continuous assessment

are defined and used.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge

JVBI is an advanced Center for the Jainology, Prakrit and Oriental Studies. It is one of the only organizations in the country that was established exclusively for this purpose.

One of the prime objectives of the Institute is the preservation and propagation of Jainology and Oriental studies and to achieve this, the Institute strives hard to create an eco-system that is conducive to meet and sustain this objective. The eco-system has been created through the following measures:

1.Faculty members and research scholars are particularly encouraged to undertake research in this field.

2.Editing of canonical literature like the Agams – Ayaro, Uttaradhyayan, Suttrakritang etc.

3.Translation of canonical literature from Prakrit to Hindi and English.

4.Digitization of canonical literature available with the Institute and othersister/networked organizations. As part of the digitalization of rare books under Rajasthan Heritage Project sponsored by the Ministry of Communication and Information Technology, till date a total of 2272 rare books (with 9,87,600 pages) have been digitized, which is also available in 29 DVDs.

5.A workshop on training for the conservation and preservation of Indian Heritage was organized by the Institute under Rajasthan Heritage Project sponsored by the Ministry of Communication and Information Technology on 13th December 2015.

6.Networking with institutions, organizations, individuals and academicians for mutual sharing of canonical literature/manuscripts.

7.As part of the National Digitization Project under the National Manuscripts Mission the JVBI has digitized 23,332 manuscripts that includes 9,80,029 folios. The same is available in 533 CDs.

3.5 - Consultancy

3.5.1 - Institution has a policy on consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy

Considering the vision and mission of Jain Vishva Bharti Institutem Ladnun, one of the major research policies includes consultancy assignment apart from active research and teaching. The Institute strives to promote and enhance the external profile and the societal impact of the Institute includes the expertise and research inclination of the faculty members. This creates mutually beneficial opportunities for collaborative research and consultancy services. The consultancy projects and services enrich and broaden the professional experience and knowledge of the teaching faculties. Consultancy services in an academic environment functions as a tool for contributing to the national economic growth. Consultancy includes an assignment or job basically for providing expert advice, problem solving, targeted training, testing and laboratory based experimental work, market research and survey. The faculty member of the Institute or the department involved in consultancy are referred as consultants and the industry or private party or any other outside agency seeking consultancy is referred as the beneficiary.

General Principles of Consultancy

1.A consultancy work may be undertaken by the faculty members in their area of expertise.

2.The consultancy services should be undertaken only with prior permission of the Institute.

3.It should not interfere with the discharge of prime duties of the consultant- the faculty member or the department.

4.Consultancy services should not be in conflict with the interest of the Institute.

5.In the context of consultancy services, the consultant should not directly or indirectly get associated with any activities which may be unethical or inappropriate.

3.6 - Extension Activities

3.6.1 - Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the year

Describe the impact of extension activities in sensitising students to social issues and holistic development within a maximum of 500 words.

Extension activities are the strength of the Institute. The Institute organizes these activities in such a way like a NGO.

The Institute tries to inspire, motivate and involve the students for serving society in numerous ways.

'Acharya Tulsi Shiksha Pariyojna' is providing education to school drop-out-girls and women upto class VIII in neighbouring villages, with the accreditation by the National Institute of Open Learning (NIOS) GoI, New Delhi.

The Institute has adopted villages and poor localities in Ladnun. Students of the Institute, particularly Social Work Department, are greatly involved in bringing about social transformation in these areas. Such activities are also an integral part of the curricula.

(i) Organizing health camps: Various health camps are organized at regular intervals. The haemoglobin level of girl students is checked. Iron deficiency is also removed. Several other tests are also conducted at the health camps for the benefit of society.

The awareness programmes for anti HIV/AIDs are also organised for people in general and students in particular.

The students are encouraged to participate in organizing immunization campaigns. These generally coincide with the National Pulse Polio campaign days/program of the government.

Sanitation work is given prime importance and the students are motivated to keep the buildings & campus clean and green.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc.

The infrastructure of the Institute is adequate for existing programmes, and it is also well maintained.

During the last five years efforts have been made to equip the classrooms according to needs of the time.

There are separate classrooms allotted to each department fitted with smart boards and projectors. In total there are 23 smart classrooms. The teachers and students find it convenient to carry out their teaching learning work.

Each faculty in the Institute has been provided a computer along with internet connectivity. Adequate number of software have been made available to facilitate teaching, learning and research. To assist teaching-learning process the Institute has various laboratories for practical work, such as Language lab, Psychology lab, Physics lab, Chemistry lab, Bio-Chemistry lab, Zoology lab, Botany lab, Computer labs, Physiology lab, Shatkarma, and Geography laboratory. Each laboratory is adequately equipped and well maintained with necessary instruments, chemicals, furniture, computers etc. as per the curricular needs.

Students as well as teachers make the maximum use of library resources. There is a well-equipped Central Library besides departmental libraries. The number of books keeps on increasing every year depending on the changing needs of the curricula. Library resources are enriched with allocation of budgeted funds to purchase new titles and journals. Uninterrupted internet services have been provided to all users of the University. Maintenance and the use of

the library resources are monitored by the Library Committee. The library is automated to provide easier access to the users, faculty, research scholars and students.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (gymnasium, yoga centre, auditorium, etc.)

The Institute has adequate facilities for sports and games. It has a 400-meter running track, badminton court, football, cricket, kho kho, kabaddi, volleyball and basketball grounds.

Necessary equipment for different sports and games are also available in adequate number. The facilities for indoor games such as carom, table-tennis, chess etc. are also available. A well equipped gymnasium, yoga center and auditorium for cultural activities have been developed in the Institute. The existing Amphitheatre is also properly maintained and used as per requirement.

The Institute's auditorium is fully air-conditioned and has a seating capacity for 350 persons. The Institute organizes several academic and cultural events in the auditorium. It has a well equipped green room and proper light and sound system. The cultural activities are appreciated by many. Care is taken to present folk dances, songs and plays to highlight the Rajasthani culture in particular and also cultures of other states and regions. The students are encouraged to participate in such events and have always been found to excel in their presentations - much beyond their potential and skills.

Every year the Institute organizes Sports and Cultural Week separately along with Youth Festival. Winners of various events & competitions are felicitated with certificates and prizes on Annual Day of the Institute, i.e. on 20th March of each year.

The sports and cultural committee plans, selects and monitors the themes and items to be presented to maintain sanctity and discipline.

All the laboratories available in the Institute are well maintained. If any instrument is not working in a laboratory, the concerned head of the department immediately informs the administration/store-in charge who in turn informs the vendor from whom the instrument was purchased. If the instrument is within the warranty period, the concerned officer collects the estimate for the repairing work and forwards it to the competent authority for necessary sanction. After getting the sanction, the instrument is repaired/replaced.

For some instruments machines (Computers, UPS etc.) the Institute follows the Annual Maintenance Contract (AMC) system. The concerned agency visits the Institute at different points time in the year, to maintain, repair and replace defective parts, if any.

The Institute gives top priority for maintaining the instruments, machines, etc. and has appointed two staff exclusively to maintain such type of equipment both hardware & software and upgrade them as and when required.

All the physical infrastructure like academic and administrative buildings, drainage, residential blocks, amphitheatre, hostels, guest-houses, roads, rain-water harvesting structures, electricity & water supply, and campus etc. are being regularly maintained, white washed, repaired, modified according to the needs and on a regular basis throughout the year. For the purpose, regular staff like mason, electrician, plumber, supervisor etc. have been appointed.

5.1.5 - Pre-admission Counseling Services Activities undertaken by the Institution for providing pre-admission counseling services to prospective learners and induction of newly enrolled learners at Institution Headquarters, Regional Centers and Learner Support Centers

JBVI has put in place a formal and robust system for pre-admission counselling and induction of newly enrolled learners. The following activities are undertaken for providing pre-admission counselling services to prospective learners and induction of newly enrolled learners at Headquarters, Regional Centres and Learner Support Centres of the University:

Pre-Admission Counselling: Prospective learners are counseled about the programmes that would meet their needs and life goals, eligibility criteria for admission, methodology of teaching-learning, three-tier system of student support services, examination system, etc.

Programme Coordinators and Faculty in University counsel interested prospective learners about respective programmes. University DDE has 'May I Help You' counters for providing information about programmes, and guidance about their suitability to all interested visitors.

Conduct of Induction Meeting for newly Enrolled Learners: Once the admission process is over, University undertakes the activity of inducting the newly enrolled learners in various programmes in a big way. The University uses its state of the art Studio to conduct induction programmes for the newly enrolled learners particularly in relatively low enrolment programmes in two phases i.e Pre-Induction Activities at LSC and Activities during Induction Meeting

5.1.7 - Dispatch of Study Material and related grievance handling mechanisms Strategy followed by the Institution for dispatch of study material to learners and mechanisms to resolve grievances related to Dispatch of Study Material

The printed study material is the mainstay of the ODL Programme. The University gives due importance to the regular and timely dispatch of study material to the learners. The university has a dedicated unit to deal with the packaging and postage of SLMs. On receipt of the printed study material the same is kept in the General Store of the university. The same is issued from the store depending on the requirement of the DDE from time to time. After packing and weighing of the individual packets computerised address labels of learners are pasted and the same are sent by registered post through the Head Post office or by courier with prescribed amount of postage fee for

despatch.

In case any packet is return by the post office or courier company, the concerned learner is contacted over phone, whatsapp or through email to get the correct mailing address and the same is dispatched on the same date of return or the following day without delay. Computerised records of all study material dispatched are maintained.

Soft copies of SLMs in pdf format are also available on institute's website for various courses and the same can be downloaded by individual learner.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

JVBI is registered under the Societies Registration Act, 1958. The Chancellor is appointed by the sponsoring society as per UGC guidelines. The Kuladhipati (Chancellor) is the Head of the Institute and has powers to inspect any unit of the institute or any facility to maintain standards and ensuring quality performance.

The Kulapati (Vice Chancellor) is the Principal academic and Executive Head and exercises general supervision and control over the affairs of the Institute and implement decisions of all the authorities. The Vice Chancellor is appointed in accordance with the UGC regulations.

The System of Governance

(A) Anushasta : Spiritual Head and Moral Disciplinarian.

(B) The Authorities of the Institute:

i) General Body constitutes of the Kuladhipati as the Chairman, Vice Chancellor, two head of the departments, the President and the Secretary of sponsoring society, one representative of the founding members, life members as prescribed in the MoA, four members of the Jain Institutions, four Jain scholars having at least one woman, four nominees amongst philosophers, Philanthropists, educationists and social worker are the members of the General Body.

ii) Board of Management has powers to establish divisions and departments for the academic work and functions of the Institution. BoM is empowered for the creation of teaching, academic and non academic posts, recruitment & appointment, promotion, determination of cadres and qualifications. It is entrusted with the power to frame policies relating to finance, administration, infrastructure, appointments, salary structure, employee welfare etc.

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

JVBI practices decentralization and participatory management from top down in almost all its functions and decision making processes. This starts from the topmost level i.e. the BoM level till the level of the departments and administrative divisions. In the Institute at the level of the BoM, there is a representation of faculty members who take active part. Often it has been found that the suggestions provided by the faculty members have been very practical which were readily accepted by the BoM.

Representation of faculty members and administrative staff is there in various statutory and non-statutory committees.

In the case of Ph.D. research program, the competent authority and

the Research Board have empowered the Departmental Research Committees (DRCs) to supervise and decide upon the various requirements as per UGC regulations.

Throughout the year various events and programs are organised in the Institute, like Convocation, Annual Function, meetings of various statutory cells in which faculty and staff are actively involved and decide the programs and activities to be conducted.

Financial decentralization is in the form of sanctioning power to various Officers in the Institute. For example, the Finance Officer can spend or sanction expenditure up to Rs. 2,000/-; the Registrar upto Rs.5,000/-; and the Vice-Chancellor beyond Rs. 5,000/-. Departmental heads have been provided an imprest money of Rs. 500/- per month.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed Describe one activity successfully implemented based on the strategic plan with details of deployment strategy, during the year in not more than 100 - 200 words

The Vice-Chancellor, the BoM, and the Planning and Monitoring Board develops perspective and strategic plans for the future development and growth of the Institute. A team of academicians and members of BoM was constituted to prepare plans for the future development of the Institute. This team thoroughly discussed all the aspect of developments in terms of academic offerings, research and publications, human resource development, infrastructure and development of IT and mobilization of funds and grant-in-aid from various sources.

All service rules, procedures, recruitment and promotional policies are available in the Bye-Laws of the Institute under the following heads:

Conditions of Service

Pay and Allowances

Code of Conduct**Discipline****Recruitment and Promotion****Seniority, Probation and Confirmation****Leave Rules****T.A., D.A., Gratuity etc.****Gratuity, Leave Encashment, Group Insurance****Miscellaneous****Grievance Redressal Mechanism**

Student with grievance submits complaint to the Grievance Redressal Cell (GRC).

The grievance of the student is first heard at the department level and informally or formally a resolution is arrived at.

In case the complainant is not satisfied, the matter is reported to the GRC.

Both the complainant and against whom the complaint is lodged are given an opportunity to be heard in person and submissions are made in writing, including evidences.

Thereafter, decisions are taken accordingly.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff

The office of Vice chancellor is responsible for collecting the self performance appraisal report of teaching staff every year at the end of academic session. Registrar office collect ACR of non-teaching staff from their respective section. These reports are then checked by Vice-Chancellor office which conduct an academic and administrative audit on the basis of these documents every year. The report of academic and administrative audit is then placed before the competent authority. The increment and other benefits to the faculty and staff are assessed based on the self-appraisal report

and ACR by the respective statutory bodies.

This procedure of self-appraisal is effective to evaluate faculty's academic performance, and the shortcoming, if any. This proves helpful for both the administration and faculty to access one's own achievements and making further improvement for academic and carrier growth.

At the end of each academic year the faculty is required to fill-up the Performance Based Appraisal System (PBAS) format to record their academic duties, responsibilities and achievements. This is in accordance with the UGC guidelines.

The efficiency and good performance is also reflected through this system of self-appraisal and the concerned faculty/staff is motivated through provisions of incentives and appreciation. There is a tradition to honour the best teaching/non-teaching staff on the occasion of Foundation Day, which also boosts the energy for the award recipient and the morale of the staff to improve their performance by working more efficiently and with dedication.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The Parent body Jain Vishva Bharati is responsible for mobilisation of funds for the Institute. The requirement of Institute is placed before the parent body and according to the need they provide the assistance in terms of funds, infrastructure or any other goods. All the building and infrastructure of the institute were either constructed from the funds of UGC or the funds provided by parent organization.

The Institute mobilizes/receives funds from various sources like:

Students Fee Donations from Individuals and Trusts

- Grants from UGC
- Interest earned from corpus and investments
- Research/Conference related grants from various bodies like UGC, ICSSR, ICPR, ICHR, Ministry of Culture

Close monitoring of finances, expenditures and utilization of infrastructure is done by the respective academic and administrative heads of departments, and the Vice-Chancellor in particular as per the sanction of statutory bodies.

6.4.4 - Institution conducts internal and external financial audits regularly

The Institute conducts different types of audits in which financial audit is conducted by a registered and recognized Chartered Accountant of repute. Both Internal Audit and an External Audit is conducted by different audit firms to ensure a full-proof and trustworthy system. The Internal audit is being done twice a year and after external audit the budget is finalized. This is a regular practice in the Institute. The report of financial audit and academic audit is placed before the Finance Committee and BoM for approval and ratification. The audited statements of Income and Expenditure, and Balance Sheet are published in the Annual Report for public circulation and also for reporting to the UGC and MHRD. An Academic and Administrative Audit is being undertaken by external experts, which is the regular feature in the Institute.

Total transparency is being observed in financial matters. The Institute has put in place a Purchase Committee having members from various academic departments and sections. The notification related to purchase is duly uploaded in the Institute's website and published in national state newspapers inviting EOI.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Significant contributions made by IQAC are:

- To hold regular meetings with the various cells/officials/employees/stakeholders/ students and committees so as to get their feedback for facilitating the input to the management to include concrete suggestions in the academic as well as administrative structure.
- The regular monitoring of academic development and quality assurance for the implementation of envisioned plan.
- Faculty development programmes for motivating the young faculty members of the Institute to apply for research projects and to participate in UGC sponsored Orientation and Refresher programmes.
- Provide counselling to design such programmes which may cater to the need of the market and produce skilled professionals.
- Review the interaction with scholars, academic institutions and various local and state industries at regular intervals to explore the linking of academic excellence and market employability of the programmes offered by the institute.
- A consistent effort is at work to enhance and promote research programmes in the probable identified areas of various oriental studies with the emphasis to locate oriental philosophy in the modern context so that its relevance can be judged on the basis of modern scientific research.
- IQAC helps to prepare a sound platform for the propagation and application of ancient wisdom which lies hidden beneath the ethico-spiritual philosophy contained in the canonical texts and manuscripts.

- Organise start-up programmes, vocational courses in various disciplines and summer school programmes.
- Organise academic and administrative audit at regular intervals.
- Organise various Workshops, Seminars, and Conferences for enhancing academic excellence.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year. Describe gender equity & sensitization in curricular and co-curricular activities, facilities for women on campus within 100 - 200 words

Not only the safety and security of girl students and women staff is taken care of by the Institute, every opportunity is given to the boy students to mix freely and are also encouraged to participate jointly in various events and programmes of the Institute. Women teachers take extra care to look into the specific needs of the girl students. Those female students who have small children and want to keep their ward with themselves were facilitated to avail separate rooms/quarters available with JVB – the parent organization.

The girl students are also motivated to participate in adventure sports to develop fearlessness.

a) **Safety and Security:** The safety and security of the students specially the girls are taken care of. There are guards on the entry and exit gates round the clock. The Institute is very careful about the security of the female students. The entry and exit of visitors is recorded. The campus is equipped with CCTV cameras in all the buildings of the Institute-Administrative, Academic, Hostels, Common Places, Classrooms and Library. A dedicated person is given the responsibility to occasionally check and report any untoward incident on the campus. The Vice-Chancellor and Registrar too independently monitor the recordings from time-to-time.

b) **Counselling:** There are two important cells for the counselling of the students. The Institute has antiragging cell to prevent any kind of ill-treatment meted out to the students in general and girls in particular.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 100 - 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

- **Solid waste management**
- **Liquid waste management**
- **Biomedical waste management**
- **E-waste management**
- **Waste recycling system**
- **Hazardous chemicals and radioactive waste management**

Solid and Liquid Waste Management:

As far as cleanliness is concerned, the campus is well maintained and the solid/liquid/e-waste is disposed of scientifically. Littering in the campus and within the buildings is strictly prohibited and monitored. Several dustbins have been kept in strategic locations for waste disposal.

Two large dustbins are kept to collect solid waste and liquid waste separately. The leftover food is collected in such a way that it can be consumed by stray dogs and other birds. The liquid waste is disposed of in a proper way. The municipal truck comes from time to time to collect the waste. Attention is paid to prevent the breeding of mosquitoes. There is a proper system of drainage in the whole campus. The roads are kept clean.

E-waste Management:

The volume of e-waste generated is very less. However, old/obsolete computer and electronic items are auctioned or sold – off to members of the public or sold – off to sellers of rags and waste materials. To reduce waste in the institute, the following measures are practised:

- 1. Relying on reusable containers**
- 2. Plastic bags are banned**

3. Disposable plates are infrequently used

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

JVBI has been mandated for Advanced Studies, Research & Training in the context of comparative studies in Indology, with a special focus on the Prakrit language and Jain Philosophy. It has also focussed on teaching and research of world Religions, Ahimsa and World Peace. The institution has therefore, channelized its efforts in integrating the promotion, propagation and practice of the high ideals of Anekant, Ahimsa, Tolerance and Peaceful co-existence for the weal of the mankind. JVBI has laid special emphasis on the synthesis of the spiritual heritage of the ancient Indian Shramana Culture with the modern scientific outlook and has aimed to inculcate amongst students the essential values and ideals of ancient Indian culture and civilization.

Salient features of institutional distinctiveness are as follows:

- Teaching of Prakrit language and Jain Philosophy is a unique endeavour, where the tuition fee is not charged from the students and financial assistance is also provided for their board and lodging,
- The University has been organizing International Summer School programme on Prakrit and Jain Philosophy for more than a decade and has created a mark of excellence in the said domain all over the globe,
- Two faculty members belonging to the Dept. of Prakrit and Jainology of the University have served as Visiting Professors in the Florida International University, Miami (USA) for a period of three years,
- Two faculty members of the Dept. of Prakrit have been awarded by HE the President of India for their extra-ordinary contributions in the subject.
